

《单词百科:potentiometer是什么意思?potentiometer怎么发音?potentiometer的解释和用法》

英语单词potentiometer是什么意思?potentiometer怎么读?potentiometer怎么发音?简答网为您整理了potentiometer的解释、用法、例句、词组等相关学习资料。下面跟小编一起来看看吧!

potentiometer怎么读

potentiometer的读音:[pəˌtenʃiˈɒmɪtə(r)]

potentiometer的意思

1、n. 电位计, 分压计; 电势计; 分压器;

potentiometer的近义词

1、**pot** n. 罐; 一罐; (某种用途的) 容器; 陶盆; 锅;

potentiometer的双语例句

1、A method of determining alkalinity and sodium hydrosulfite content in indigo solution, using potentiometer, is reported.

本文提出了一种精确测定靛蓝染液的碱度和保险粉含量的方法——电位法, 并同化学法进行了比较.

2、Rotate the potentiometer P 7 completely clockwise, P 2 and P 4 completely counter clockwise.

使有效的P7完全地顺时针旋转, P2和P4完全地相反地顺时针.

3、The digital potentiometer's bandwidth determines the maximum data rate for signals transmitted through the potentiometer.

数字电位器的带宽决定信号通过电位器传输的最大数据率.

4、Asynchronization mechanism in duplex potentiometer and simple, active count measures to improve its synchronism are described.

论述了双联电位器的失步机理及各种提高产品同步性能的简捷、有效的措施.

5、This paper analysed the uncertainties of voltmeter in calibration by potentiometer.

分析了用电位差计检定电压表时的不确定度.

6、An input device that provides a scalar value , e . g . , a thumb wheel, a potentiometer.

一种提供标量值的输入设备,如姆指旋转控制器、电位计.

7、The controller can be driven in local mode by a potentiometer.

控制器在手动模式下可以由电位器控制.

8、In electronics, the moveable arm of a potentiometer.

在电子学中, 电位器的滑动臂.

9、Select a nonvolatile digital potentiometer if you must program the gate's state in nonvolatile memory.

如果必须用易失性存储器给门状态编程,选择非易失性数字电位器.

10、Attention: the potentiometer P 7 on the linear cell must be always adjusted clockwise.

注意: 在线性电池上的电位计P7必须是一直顺时针调整.

11、Don't blindly turn this potentiometer.

不要盲目地旋转这个电位器.

12、Our factory main product potentiometer, switch (rotary switch , slide switch, tact switch), jack and so on.

本公司主要生产电位器(可变电阻), 开关 (旋转开关, 滑动开关, 轻触开关), 接插件等产品.

13、You can program the digital potentiometer through its serial interface during board or system test.

单板或系统测试期间,通过串行接口为数字电位器编程.

14、In the contemporary acoustic equipment, usually uses the potentiometer to carry on the volume control.

在当代的音响设备中, 通常采用电位器进行音量调节.

15、A servo potentiometer that generates the signal for comparison with the input signal.

一种产生信号以便与输入信号进行比较的伺服电位计.

16、Lead in Trimmer Potentiometer elements.

电位整理器元件所含的铅.

17、Digital potentiometer sensitivity adjustment and breakage location.

数字电位器调节灵敏度及断针位置显示.

18、The photo electricity is on the colour and switch threshold potentiometer until the break status light.

不兵平电侧差色不本、调开关门限众圈电位器,直到状况指示灯不柔平为止.

以上是简答网为您整理的potentiometer怎么读的相关信息, 希望对大家有一定的帮助
