

《双语：比尔盖茨变身圣诞老人送神秘大礼》

For the second straight Christmas, Microsoft co-founder William Henry "Bill" Gates III made a Redditor very happy not only by granting her Christmas wish, but also by donating to worthy causes in her name.

??????????????????????-??-??-????????Reddit(????????)??

Gates played a Secret Santa in this year's Reddit's Secret Santa gift exchange, an online gift exchange since 2009 that connects Internet strangers.

"The amazing human being Bill Gates sent me a Loki Helmet which i have been dying to own ever since the first Thor movie came out!! He read my 'pie in the sky wish' that i filled out in my questionnaire and fulfilled it! I also got an amazing coffee table book of gorgeous pictures of Africa (somewhere i desperately want to go, its on my bucket list!) with an inscription and a Giant microbes polio virus stuffed animal!," Cali7 said.
