

《男女在口语方面体现出的不同之处》

语言本是人们沟通的工具，没有性别之分，但由于男女的社会分工、性格特色、生理特点不同，每一种语言都深深地打上了性别的烙印。在国外，有部分社会语言学家，专门研究语言与性别的关系。美国有一位学者Graham Goodwin，从1990年到2000年，先后十次，在费城街头，收集不同年龄、种族、职业的男、女行人的谈话，进行比较研究，结果发现，与男人的语言相比，女人的语言至少有下列特点。

A ??????????????????????We need...???????????????????????????????? I want...???????

B ??????????????????????nice, sweet????????????????????????????????splendid, gorgeous????“?”?

C ??????????????????????dove grey????????????????????????????????light grey???????

D ??????????????????We're going to...????????/?????????????????????????????We're gonna...????????/??????

E ??????????????Hannah said that...?????????????????????????She said that...??????

F ??????????????Would you please...?????????????????????????Can you...??????

??A?B????????????????????????A????????????B
?????

A: I saw a king fisher Saturday morning.

B: Did you?

A: It took of about three feet from my side. I didn't see it in the bush. It took off out of a bush...

B: Mmmm.

A: Passed the front of my canoe and flew into a tree. I sat there...

B: Very nice.

A: And thought...

B: Yeah.

A: It looked down at me and it was really bright.

B: Beautiful.
