

《单词百科:mutagenesis是什么意思?mutagenesis怎么发音?mutagenesis的解释和用法》

英语单词mutagenesis是什么意思?mutagenesis怎么读?mutagenesis怎么发音?简答网为您整理了mutagenesis的解释、用法、例句、词组等相关学习资料。下面跟小编一起来看一看吧!

mutagenesis怎么读

mutagenesis的读音:[mju:t 'd en s s]

mutagenesis的意思

1、n.突变形成，变异发生;诱变;

mutagenesis的双语例句

1、Aspergillus Oryzae mutants . High pressure seems an efficient approach for mutagenesis.

继各种化学制剂、各种射线诱变等方法之后, 高压不失为一种行之有效的诱变方法.

2、Methods: Non-glycosylated pro-urokinase was created by Asn 302-Ala 302 mutagenesis.

方法: 将302位天冬酰胺(Asn302)突变为丙氨酸(Ala302), 构建非糖基化尿激酶原.

3、Unnatural amino acid site-directed mutagenesis was applied to adenylate kinase to study its mechanism.

非天然氨基酸定点突变成功地应用在腺苷酸激酶上来研究其作用机理.

4、Cell cycle analysis can provide reference for researching the physical and chemical mutagenesis to citrus calli.

细胞周期分析可为研究柑橘愈伤组织理化诱变提供依据.

5、Methods of domestication and UV mutagenesis were used to prepare tea wine yeast.

采用驯化与紫外线诱变并用的方法研制茶酒酵母.

6、Cancer genetics, somatic mutagenesis, DNA repair, genomics and molecular medicine.

肿瘤发生的遗传机制; 体细胞突变的发生机制; DNA修复, 基因组学与分子医学.

7、The crane lignin has the anti-mutagenesis and the anti-allergy characteristic.

香叶木素具有抗诱变和抗变应性特性.

8、Mutagenesis library is developed for identifying key residues of protein, raising the affinity and prolonging half-life.

蛋白突变库主要应用于提高蛋白亲和力、延长半衰期、确定蛋白关键残基.

9、A new altered sites mutagenesis systems for the cloning DNA is described.

本文介绍一种新的变换位点型克隆化DNA诱变系统.

10、The paper brief talks the drinking water's mutagenesis from organic pollution.

该文从有机物污染方面概述饮用水的致突变性.

11、Chemical mutagenesis breeding is an new method to breed crop varieties by chemical mutagenesis.

化学诱变育种是通过化学诱变育成农作物品种的新方法.

12、Site-directed mutagenesis can correctly change the base sequence and get mutant proteins.

基因定点突变技术可以精确地改变基因的特定碱基序列,获得突变蛋白质.

13、ZX 1 was a pleiotropic mutant isolated from *Streptomyces lividans* JT 46 by NTG mutagenesis.

ZX1和ZX7是变铅青链霉菌JT46经NTG诱变 所产生的多效性突变菌株.

14、The strategies of large-scale mutagenesis and gene screening include chemical mutagenesis , insertional mutagenesis and gene trap.

摘要用于大规模基因突变与筛选的主要策略有化学诱变、 插入突变、 基因诱捕.

15、So we started doing transposon mutagenesis.

于是我们开始做转座子的突变发生.

以上是简答网为您整理的mutagenesis怎么读的相关信息，希望对大家有一定的帮助。查看更多关于mutagenesis的用法、mutagenesis的释义、mutagenesis的相关详情请点击：<https://dict.jiandongshicai.cn/mutagenesis>
