

《科技大牛“独角兽”公司》

现如今，科技公司的发展用“迅猛”已经不足以形容了。创业没几年，市值十亿百亿，分分钟翻番的节奏。（脑中飘过小米）

Decacorn is a technology company that is less than ten years old and worth more than ten billion dollars.

“???”????????10????????????????

Billion-dollar companies join a club of "unicorns", a term used to explain how rare they are. But there are more than 50 of them now. There's a new buzzword, "decacorn", for those over \$10 billion, which includes Airbnb, Dropbox, Pinterest, Snapchat, and Uber.
