

《单词百科:ECMO是什么意思?ECMO怎么发音?ECMO的解释和用法》

英语单词ECMO是什么意思?ECMO怎么读?ECMO怎么发音?简答网为您整理了ECMO的解释、用法、例句、词组等相关学习资料。下面跟小编一起来看看吧!

ECMO的意思

1、abbr.体外膜肺氧合;电子对抗军官;电子对抗措施(系统)操作员

ECMO的双语例句

1、Conclusions Lower blood potassium and calcium were showed in normal sheep during ECMO.

结论正常绵羊在膜肺治疗中血钾、血钙降低;

2、The role of ECMO in Supportive treatment: ECMO can provide circulation supportive safeguard for implant frame in high risk patient, in the follow-up 3 years, the patients' living quality was good.

ECMO在支持治疗中所起的作用：ECMO提供高危患者植入支架的循环支持保障，随访3年，患者生活质量良好。

3、Objective To observe the effects of emergency extracorporeal membrane oxygenation (ECMO) following cardiopulmonary resuscitation (CPR) in patients with cardiac arrest.

目的观察体外膜肺氧合对危重心脏患者心搏骤停后常规心肺复苏困难者的治疗效果。

4、Traditional management was not useful for treating CS patients. The techniques of VAD, BiVAD and ECMO should be introduced as soon as possible for treating CS originated from fulminant acute myocarditis in order to improve the prognosis.

传统治疗方法效果不佳，在国内应尽快采用VAD、BiVAD、ECMO等技术救治暴发性心肌炎所致CS，以挽救患儿生命。

5、The mean time on ECMO was 1~ 15 days (median 5 days).

支持时间1~15d，中位数5d。

6、After 40 hours ECMO were ended, and pathologic examination of lung show signs of improvement.

转流40h结束，处死取肺病检，肺损伤变化改善。

7、Conclusion Oxygen is taken in efficiently and carbon dioxide is given out in ALI via percutaneous V-V ECMO, so the conventional ventilator mode can be modified.

结论经皮穿刺V-

VECMO可以帮助机体排出二氧化碳，吸收氧气，降低急性肺损伤的机械通气模式。

8、Methods The clinical data of a patient with pathologically proven PAP treated with whole-lung lavage utilizing extracorporeal membrane oxygenation (ECMO) were described and the literature was reviewed.

方法介绍1例经病理证实的PAP患者体外循环膜氧合下的全肺灌洗治疗过程，并复习相关文献。

9、The Clinical Experience of ECMO and the Construction Special Team& 17 Cases Report

体外膜肺氧合临床应用与团队建设&附17例临床报告

10、Results Eleven of the 17 patients with ECMO or centrifugal pump were discharged from hospital, and 6 died of multiple organ dysfunction.

结果17例使用离心泵或体外膜肺氧合者，11例脱离辅助循环出院，6例死亡均为并发多器官功能障碍综合征。

11、Objective To establish a simple model of ECMO with polypropylene of hemodialysis machine and investigate the effect and possibility of hydrogen peroxide (H₂O₂) as a oxygen supplied method.

目的建立血液透析机体外膜氧合器组件并观察通双氧水 (H₂O₂) 作为其一种给氧方式的效果和可行性。

12、The effect of extracorporeal membrane oxygenation (ECMO) on the central nervous system in sheep

膜肺治疗对实验羊中枢神经系统的影响

13、Effects of ECMO on plasma cytokines in dogs with acute lung injury

体外膜氧合器对急性肺损伤犬血浆炎症因子的影响

14、Objective: To evaluate the effect of extracorporeal membrane oxygenation (ECMO) for treatment of type respiratory failure.

目的通过体外膜肺治疗 型呼吸功能衰竭。

15、Objective To investigate the effects of extracorporeal membrane oxygenation (ECMO) in severe acute pulmonary contusion.

目的探讨体外膜肺氧合 (Extracorporeal membrane oxygenation , ECMO) 在严重肺挫伤患者中的治疗作用及应用价值。

16、ECMO special team was constructed, series ECMO protocol were set up.

医院ECMO团队逐渐建立，并建立ECMO规范。

17、METHODS From January 2003 to August 2005, 17 cases, including 7 cardiovascular and 10 respiratory dysfunction, were underwent ECMO support.

方法2003年1月至2005年8月选用不同器材共施行ECMO17例，包含心血管内外科疾病 (7例) 和呼吸病患者 (10例) 。

18、 Results: The main indications for ECMO support were low cardiac output syndrome (42 9%), cardiac failure (34 3%), and cardiac arrest (11 4%).

结果体外膜肺支持病例占同期婴幼儿心内直视手术的34%，主要指征是术后低心输出量综合征（429%）。

以上是简答网为您整理的ECMO怎么读的相关信息，希望对大家有一定的帮助。查看更多关于ECMO
