《地道英语口语表达“闺蜜”》

说到闺蜜的英文说法，很多人会想到best friend forever，其实闺蜜还有另一种更贴切的表达，那就是ladybro.

Hear some bad news? Call a ladybro. Have something great to celebrate? Share that celebration with a ladybro. Want to feel prettier, be less stressed, be healthier and happier? Spend some time with your ladybros.

??

A ladybro may be your true friend and may be not. She is the one that spend most time with you besides your family. If you want to know whether your ladybro is true to you, just see whether she is there when you need her.
