In July 2003, I began work for a small private company as a technical support engineer in QingDao city.Because I'm capable of more responsibilities, so I decided to change my job.

And in August 2004,I left QingDao to BeiJing and worked for a foreign enterprise as a automation software test engineer.Because I want to change my working environment, I'd like to find a job which is more challenging. Moreover Motorola is a global company, so I feel I can gain the most from working in this kind of company environment. That is the reason why I come here to compete for this position.

I think I'm a good team player and I'm a person of great honesty to others. Also I am able to work under great pressure.
