

《重庆350名学生搭造19间创意房屋》

??350?????19?????

重庆大学出现了精彩的一幕：350名学生用纸板搭造了19间房子，每间房子形状不一。

In Southwest China 's Chongqing University is a spectacular scene: 350 students have built 19 houses using little more than cardboard. Each structure has a different style and a different shape.

The project, which is intended to inspire students' creativity, is a collaboration between the university's Architecture and Urban Planning Department and five high schools in Chongqing, and it has caught the eye of other students, faculty and neighbors.

In Southwest China's Chongqing University, a spectacular scene-350 students have built 19 houses using little more than cardboard paper.
