transformer怎么读

transformer的读音:[træns f :m (r)]

transformer的意思

1、n.变压器;促使变化的(或人物),改革者;

transformer的相关词组

1、audio transformer 音频变压器;

- 2、transformer bushing 变压器进线套管;
- 3、boosting transformer 升压变压器;
- 4、booster transformer 增压变压器;
- 5、bifilar transformer 双绕变压器, 双线变压器;
- 6、Berry transformer 贝里变压器;
- 7、mains transformer 电源变压器;
- 8、crossbar transformer 纵横变换器;
- 9、transformer coupling 变压器耦合, 电感耦合;
- 10、power transformer 电力变压器;
- 11、differential transformer 差动变压器, 差接变压器, 差示变压器;

transformer的近义词

- 1、changer n.改变者, 动摇者;
- 2、converter
n.[自]变换器;换流器, 变压器, 变频器;[冶]炼钢炉, 吹风转炉;使转变[改变信仰]的人;
- 3、modifier n.调节器;修饰语;
- 4、new broom n.新成员, 新雇员;

transformer的双语例句

- 1、Purpose: Fluorescent lamp, electronic ballast, electronic transformer.

用途: 用于节能灯、电子镇流器、电子变压器.

- 2、For transformer, capacitor, resistor and electronic component lead cutting.

变压器、电容、电阻、电子零件.

- 3、We design a transformer condition evaluation system framework based on data mining and data mart techniques.

设计了一个基于数据挖掘技术和数据集市技术的变压器状态评估系统框架.

4、Suitable for Mini transformer, Supply transformer, relays, High voltage ignition coils, exchangeable supply transformer etc manufacturing.

适用于生产小型变压器、电源变压器、继电器、高压点火线圈、交换式电源变压器.

5、We traced the trouble to a faulty transformer.

我们查出故障出在一个有毛病的变压器上.

6、The metering error will occur when current transformer does not operate in rating condition.

计量电流互感器在非额定条件下工作,会引起计费误差.

7、Vacuum greasing and drying also may be used for transformer are various power equipment becoming damp.

也可用于变压器的真空注油和干燥各种受潮的电力设备.

8、Insulation on transformer cover and partition.

可用于电压器的覆盖和隔层不导电用途.

9、It is very complicated to model transformer in transient calculation.

在电磁暂态计算中,变压器是较难模拟的元件之一.

10、I want to buy a 220 volt transformer.

我要买个二百伏特的变压器.

11、It has strong universality and is suitable for current transformer with various wire connection.

通用性强,适用于各种形式接线的电流互感器.

12、A kind of piezoelectric transformer works in the bend vibration mode is discussed.

本文所研究的压电变压器工作在弯曲振动模式下.

13、Insulation transformer output current and input current completely separated.

绝缘变压器使输出电流与输入电流完全分离.

14、Open tender for purchasing power transformer.

公开招标购买电力运输设备.

15、Its moving iron core transformer structure is most widely used.

动铁芯式变压器结构,应用最广.

16、The voltage difference of same phase caused by different transformer wiring group was analysed.

分析变压器由于接线组别的不同引起的各个同相的电压差,以及解决方法.

17、Another proposes an electrical transformer that holds constant voltage when the power supply varies.

另一项讲的是种变压器,在供电变化的情况下能保持电压恒定.

18、The silicon steel plates of the motor and transformer were gotten through dies.

电机及变压器上的矽钢片一般都是通过模具冲裁而获得.
