

《单词百科:histochemistry是什么意思?histochemistry怎么发音?histochemistry的解释和用法》

英语单词histochemistry是什么意思?histochemistry怎么读?histochemistry怎么发音?简答网为您整理了histochemistry的解释、用法、例句、词组等相关学习资料。下面跟小编一起来看看吧!

histochemistry怎么读

histochemistry的读音:[hɪst 'kɛmɪstrɪ]

histochemistry的意思

1、n.组织化学;

histochemistry的双语例句

1、Methods: NADPH diaphorase histochemistry staining and image quantitative analysis technique, combined with auditory brainstem response (ABR) measurement.

方法: 应用NADPH黄递酶(NADPHd)组织化学染色及图象分析技术, 并结合听性脑干反应 (ABR) 测试.

2、 Cytochrome C (CYC) and caspase-3 in liver tissues were determined by immuno (histochemistry.)

应用免疫组化法分别检测肝组织中细胞色素C和天冬氨酸特异性半胱氨酸蛋白酶-3 (caspase -3) 的表达.

3、 The method of assay for generation of active oxygen species includes spectrophotometry , fluororesence, chemiluminescence, histochemistry, etc.

活性氧的检测方法主要有:分光光度法、荧光法、化学发光法、组织化学法、金属沉淀法等.

4、 Qualitative electron microscope histochemistry is inadequate.

定性的电子显微镜组织化学技术是不适用的.

5、 The localization of nitric-oxide synthase (NOS) in Dugesia japonica has been studied with NADPH-d histochemistry method.

采用一氧化氮合酶(NOS) 组织化学定位方法研究了三角涡虫的NOS的分布.

6、 Methods: Tested by in situ hybridization histochemistry technique.

方法原位杂交组织化学法.

7、 Methods Cell culture, immunohistochemistry, nucleus fluorescence labeling, fluorescence retrograde labeling and enzymatic histochemistry technique were used.

方法应用细胞培养、免疫组织化学、荧光标记、光逆行追踪和酶组织化学等技术.

8、 The effects of hypoxia and hypoxia combined-exercise on skeletal muscle structure and capillarization in rats histochemistry.

用酶组织化学方法观察了缺氧及在缺氧条件下运动对大鼠腓肠肌肌纤维形态和毛细血管的影响.

以上是简答网为您整理的histochemistry怎么读的相关信息, 希望对大家有一定的帮助。查看更多关于histochemistry的用法、histochemistry的释义、histochemistry的相关详情请点击: <https://dict.jiandongshicai.cn/histochemistry>
