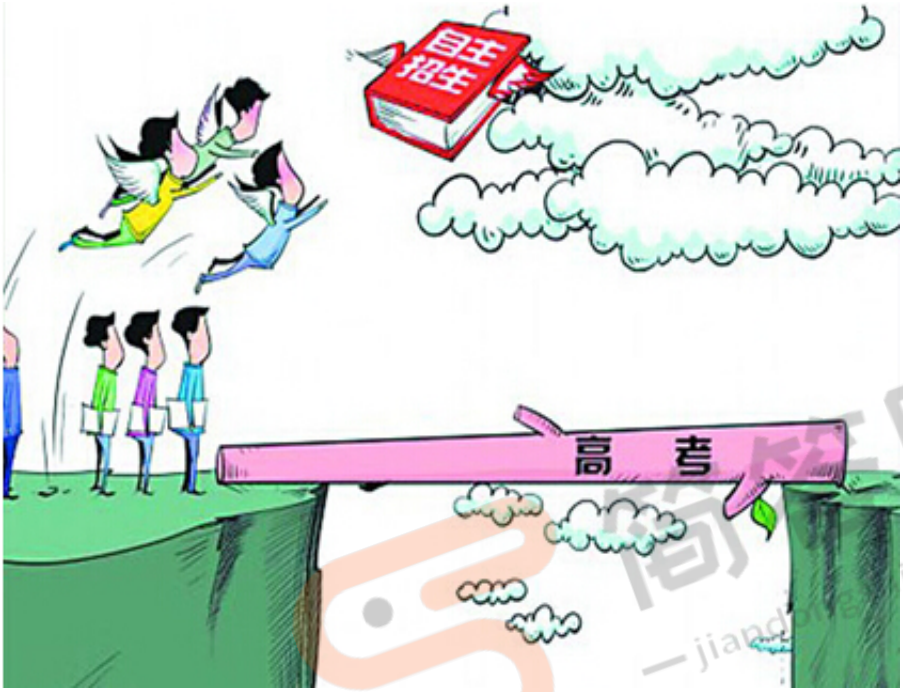
《母女“联名发表”论文引质疑》

一个18岁的高中生竟能在高三繁重的课业之余，依然“从事马克思主义研究”，并以第一作者身份发表长达12页的教育部资助项目论文？



???????

The dual authorship of an academic paper by an 18-year-old high school student and her monther has sparked a controversy. The papers show that the mother, a professor of Marxism at Zhongnan University of Economics and Law in Wuhan, is the secondary author.

????18????????“????”????????????????????????????????????“????”?

???????????????(the first author)????????????????????????????(to be qualified for independent recruitment in two local universities)????????????????????(was born and bred in a well-educated family)??????????

??raise controversies and doubts about academic ethics????????????????????????????????obliged to get the student's real research capability validated????????????????????academic misconduct????
