vulcanization的双语例句

1、 Filling bentonite composition had little effect on the velocity of vulcanization.

加入膨润土对硫化速度的影响不大.

2、 A method of preparing deformable polydimethylsiloxane sheet culture substrates by oxygen plasma vulcanization was developed.

发展了氧等离子体硫化法制作可变形聚二甲基硅氧烷薄膜培养基底的技术.

3、 For the disadvantage and shortage, the four-location field pump rubber stator injection-vulcanization unit is newly designed.

针对其存在的缺点与不足, 全新设计了四工位油田螺杆泵橡胶定子注射硫化机组.

4、 As compared with other methods, visco-elastic measurement was and reliable in the degree of co-vulcanization.

通过分析比较认为, 粘弹谱仪法是测定并用硫化胶两相交联程度的简便可大方法.

5、 The worldwide developing trends of rubber vulcanization accelerator were presented.

指出了国内外硫化促进剂的发展趋势.

6、 The vulcanization accelerator system for neoprene is studied in this paper.

该文研究了氯丁橡胶用快速硫化体系.

7、 Dosage and vulcanization condition is the same as 4010 NA antiager.

用量及硫化条件和4010NA类防老剂相同, 一般为二份.

8、 The formulation, vulcanization and property of polyether rubber modified by silicone are described in this paper.

本文介绍了有机硅改性聚醚橡胶配方、 硫化及性能.

9、 This study is useful to some extent for designing movable-plate of plane vulcanization machine.

这种研究方法对平板硫化机动模板设计起到了一定的参考作用.

10、 Dynamic-vulcanization PP composites were prepared with twin-screw extruder and dynamic-vulcanization technology.

用双螺杆挤出机和动态硫化技术制备出了综合力学性能好、熔体强度高的聚丙烯复合材料.

11、 The dynamic vulcanization conditions also had great influences on the properties of blending system.

硫化工艺条件对共混体系性能的影响很大.

12、 FT-IR analysis confirms that NaAA formed in the process of compounding and underwent polymerization during vulcanization.

FT-IR分析表明,在混炼过程中生成了NaAA,在硫化过程中NaAA发生聚合反应.

13、 Vulcanization is generally considered to be an irreversible process.

一般认为硫化是不可逆的过程.

14、 The production of vulcanization cloth rubber overshoes has important place in entire plant.

硫化布胶鞋的生产在全厂占有重要位置.

15、 The vulcanization mechanism , composition , application of addition type liquid silicone rubber are reviewed.

介绍了液体硅橡胶的成型工艺、成型设备及其特点.
