据中国海军发言人消息，
中国海军将首次参与由美国领导的环太平洋军演
(RIMPAC)——全球最大的国际海上作战演习。

According to China's naval spokesman, the Chinese navy will attend Rim of the Pacific (RIMPAC) — the world's largest international maritime warfare exercise — which is being led by the US for the first time.

Four Chinese vessels will participate in seven fields, including maritime security operations, and disaster relief. China will also have an open day for international exchanges.

RIMPAC has been held every two years since 1971. This year, RIMPAC will take place around the Hawaiian Islands from June 26 to August 1.
