feedforward怎么读

feedforward的读音:[fi:d'f :w d]

feedforward的意思

1、n.前馈;

feedforward的双语例句

1、The construction of feedforward network against attacks in stream ciphers is studied in this paper.

研究了流密码体制中抗攻击前馈网络的构造.

2、 This paper introduced the self-stabilization method of feedforward control in the ship with inertial guidance system.

介绍了具有惯性导航系统的大型舰艇上前馈控制的自稳定方法.

3、 The experimental results show that oxygen control is greatly improved because of the rapid feedforward action.

实验表明前馈补偿能使氧气控制的动态特性得到较大改善.

4、 The article firstly introduces the linearization techniques: predistortion technique and technique feedforward.

文章首先介绍了功放中的线性化技术 —— 预失真技术和前馈技术.

5、 The unstable zeros of a non minimum phase system are difficult problems for feedforward controller design.

非最小相位系统的不稳定零点给前馈控制器的设计带来了很大的困难.

6、 The MNN model is developed by several feedforward neural network models.

MNN模式 是通过几个前馈神经网络模式发展而来的.

7、 The introduction of feedforward enhance speediness of this control system.

前馈校正的引入克服了电压均值反馈控制快速性不好的缺点.

8、 This paper presents feedforward-feedback temperature control scheme used for procedure of liquid slag manufacturing mineral woll.

本文就液渣制造岩棉的生产过程,提出了前馈反馈温度控制方案.

9、 In the method, a three-layer feedforward neural network structure incompletely connected was employed.

本文提出了一种新的、性能更加稳定的动态心电数据的神经网络压缩算法.

10、 Gradient algorithm has been widely used for training the weights of feedforward neural networks.

梯度算法广泛应用于训练前馈神经网络.

11、 Conclusion Self-turning feedforward compensation techniques can greatly reduce the error caused by variable gain characteristic.

结论采用自调节前馈补偿技术能够有效地减小由变增益带来的误差.

12、 Automated identification of tomato maturation using multilayer feedforward neural network with GA can be realized.

采用遗传算法训练的多层前馈神经网络实现番茄成熟度的自动判别.

13、 The design of feedback regulator and feedforward regulator are discussed.

文中还讨论了闭环系统的反馈校正及前馈调节设计.

14、 Then, a design method for optimal control system with the feedforward of rolling force is presented.

在此基础上, 给出一种具有轧制力前馈补偿的最优板厚板形综合控制系统设计方案.

15、 Fuel feedforward has been used to compensate the time delay of the CFB boiler.

为克服锅炉燃料调节的滞后性使用了燃料前馈.
