

《中国开放人权问题讨论》

导读:人权问题一直是西方质疑中国的要害之一,经过多年的争议,中国决定开放人权问题讨论。

China has devoted much efforts and scored satisfactory achievements when it comes to human rights in recent years, wrote an article published on the People's Daily on Wednesday.

??

According to the article titled "New Progress in China's Human Rights," from 2012 to 2015 China's GDP volume increased by 7.4 percent on average annually, and disposable income of urban residents grew by 7.5 percent on average every year. Net income of rural residents saw an average of 9.2 percent raise per year.

China has also pledged its commitment to human rights issues on multiple occasions. During the 32nd session of the UN Human Rights Council on Monday, Ma Zhaoxu, Chinese Permanent Representative to the UN Office at Geneva and Other International Organizations in Switzerland, put forward seven principles for promoting global human rights discussion and cooperation.

????????????????????

Early this year, China also emphasized human rights cooperation in joint statements with Switzerland, the Czech Republic and other European countries.

"I'd like to see the West begin to recognize China's human right achievements and China begin to reject Western-tinged conspiracy theories," said Robert Lawrence Kuhn, a US political/economics analyst and international corporate strategist.

???????????????? Robert Lawrence Kuhn?? "??"

Citing China's extensive judiciary reform in 2014 and abolishment of organ donations from executed prisoners in 2015, Kuhn stated these are historic improvements in China's human rights.
