

《遭遇“发呆堵车”很心塞》

电视剧里经常会有这样的情节，主角开着车，突然脑子开始放空，车子慢慢开着，思绪却不知道跑到哪儿去了，只留下身后一阵阵的喇叭声。嗯，估计现实生活中这样的情况也不少见。

Gawker jam is a traffic jam caused by drivers slowing down to gawk, they may be staring at the wheel in an unthinking way, not even hearing the warning horns behind their cars.

Gawker jam??

For example:

After miles of creeping along the congested highway, the motorist discovered the source of the frustration was only a gawker jam.

????????????????????????????????????
