

《单词百科:electroslag是什么意思?electroslag怎么发音?electroslag的解释和用法》

英语单词electroslag是什么意思?electroslag怎么读?electroslag怎么发音?简答网为您整理了electroslag的解释、用法、例句、词组等相关学习资料。下面跟小编一起来看看吧!

electroslag怎么读

electroslag的读音:['lektɹ slæg]

electroslag的意思

1、adj.电渣焊接法的，电渣冶炼法的;

electroslag的双语例句

1、The products electroslag remelting steel include 243 designations of alloy steel and superalloy.

产品包括优质合金钢与超级合金243个牌号.

2、 The detection environment, method and new progress of electroslag casting are introduced.

介绍了电渣熔铸金属液位的检测环境、方法和最新成果.

3、 The slag pool and the metallic bath are the most important two regions in Electroslag Casting (ESC).

渣池和金属熔池是电渣熔铸过程中两个最重要的区域.

4、 This article describes three stages in the development of electroslag furnace and its recent development.

系统论述了电渣炉发展的三个阶段,以及电渣炉最新发展.

5、 The relationship between thermoplasticity and structure of Mn 18 Cr 18 N electroslag remelting (ESR) steel as cast was investigated.

研究了电渣重熔Mn18Cr18N钢的高温热塑性及其与组织的关系.

6、 Electrode regulating is a key link in electroslag furnace for energy saving and metallurgical quality improving.

电极调节是电渣重熔炉的重要环节,是节约电能、提高冶金质量的关键.

7、 Using the parameter design method the processing parameters of electroslag casting was optimized.

采用正交试验法,优化出自耗电极自动进给系统下的电渣熔铸工艺参数.

8、 The smelting results show that the new method quite effective realize Intelligent Control of Electroslag furnace.

应用结果表明该方法能够较好地实现电渣炉的智能控制.

9、 In this work , a feasible process of arc-furnace melting followed by electroslag refining was employed.

采用电弧炉+电渣重熔冶炼工艺,生产成本较低,硫回收稳定.

10、 Research , Production and Application of New Special Flux HL 801 for Electroslag

Pressure Welding of Reinforcement.

HL801钢筋电渣压力焊专用焊剂的研制与试用.

11、The forming mechanism of slag skin was studied during electroslag casting.

研究电渣熔铸过程中渣皮的形成机理.

以上是简答网为您整理的electroslag怎么读的相关信息，希望对大家有一定的帮助。查看更
