

《中国制霸缅甸电力行业》

导读:中国电力海外大有作为，继巴西等国家之后，中国又成为了缅甸最大的电力投资者。

China has topped the foreign investors line-up of power sector of Myanmar for four months of this fiscal year 2016-2017, official media reported Thursday.

????????????2016-2017????????????????????????????????

China invested in five projects in electric sector worth with 1.3 billion US dollars, followed by Singapore with 570 million US dollars in four projects, according to an official of the Directorate of Investment and Company Administration (DICA).

The power consumption of the country increases by 15 percent or 300 megawatt annually. More power plants are needed to meet the demand. The country's main power resources are gas and hydro power.

????????300????????15%????????????????????????????????

At present, only 3.7 million households in Myanmar can use electricity out of 10 million in the previous fiscal year 2015-2016. The per capital power consumption was about 222 kilowatts while in neighboring Thailand it was 2,500 kilowatts in 2015, said U Htein Lwin, permanent secretary of the Ministry of Electricity and Energy.
