

《调查显示日本多数人认为安倍使用不当手段修宪》

????????????????

In Japan, a survey by Asahi Shimbun newspaper shows that popular support for Prime Minister Shinzo Abe and his Cabinet has fallen to its lowest point since they took office. The main cause of the drop is believed to be the government ' s recent moves to reinterpret the country ' s constitution and allow the exercise of the right to collective self-defense.

Nearly 63 percent of those surveyed said they felt the Prime Minister had used "improper" procedures to change the constitution, and 72 percent said there was "not enough" discussion about the collective self-defense issue.
