

《普京：马航坠毁不应用为政治手段》

????????????

俄罗斯总统普京已保证会帮助结束乌克兰冲突，并宣称马航坠毁不应作为一种政治手段。

Russian President Vladimir Putin has pledged to help bring the Ukrainian conflict to an end, declaring the Malaysian Airlines crash should not be used as a political tool.

"No one should, and no one has the right to use this tragedy to achieve their own selfish political goals. These events should not divide, but unite people. For its part, Russia will do everything that it can so that the conflict in eastern Ukraine moves from today's military phase to a discussion phase at the negotiating table, by exclusively peaceful and diplomatic means," said Vladimir Putin, Russian president.
