???????

President Xi Jinping has arrived in Cuba, the last stop in his four-nation tour to Latin America. Xi was received by Cuban First Vice President Miguel Diaz-Canel.

Xi will also hold talks with Cuban leader Raul Castro to draw up a blueprint for the future development of China-Cuba relations. The two sides will sign documents of cooperation covering economy, trade, agriculture, biotechnology, culture and education. This is Xi's first state visit to the country since taking office.
