Li Weiqi said he never met this situation before but he knew it might be something wrong and needed to be cautious when he saw the cracks, according to zjol.com.

????????????????????????????????????????????????????????

He said there was a breath-stopping moment when a driver tried to go over the problematic area but he did his best to stop the vehicle. The driver was impatient and asked him if he violated any regulation. Just at that moment, the road collapsed just in front of them.
