

《美国选美皇后和她“看不见”的疾病》

导读:对于脊柱有25英寸疤痕的人来说，穿着泳装参加选美比赛也许真的不容易。

Victoria Graham, a 22-year-old student from Manchester in the US state of Maryland, had an untraditional journey into the glitzy world of US beauty pageants. She may look like any other contestant at first glance, but Victoria suffers from Ehlers-Danlos Syndrome (EDS) - a rare genetic condition that affects her connective tissues.
