

## 《四川女子，被拷家中数十年》

导读:来自四川省达州市的敬红菊，因身患精神疾病，家庭贫困无法医治，多年被拷家中生活。

A woman named Jing Hongju from Dazhou, Sichuan province has lived a life shackled in her own home for many years. Her parents explained that Jing has been ill since childhood, and her family couldn't afford the treatment.

????????????????????????????????????????????????????????

As a 26-year-old, Jing is not able to take care of herself. She once broke the windows of her family's house, and even tore her clothes off. Worrying about Jing's safety, her family said they had no choice but to tie her up. Jing's mother said that three out of their nine family members suffer from illness, and the family is living on the meager income of her husband and oldest son. Medical spending has trapped the family under a mountain of debt.

????????????????????????????????????????
