

导读:距离二孩政策执行差不多有一年的时间了,效果到底怎么样呢?据有关专家表示,今年年底将会出现生育高峰。

????????????????????????????????????????

[illegible]

A total of 8.31 million babies were born in the first half of this year, increasing 6.9 percent from the same period last year. Of those babies, 44.6 percent were second children, up 6.7 percent from the year before, Wang added.

????????831????????????6.9%????????????44.6%????????????6.7?????

With the implementation of the two-child policy, large numbers of eligible families are choosing to have a second baby. As a result, high-risk pregnancies and a shortage of pediatricians are positioned to become new challenges for the country.
